## Who should invest?

The Sygnia RA Fund is most suitable for:

- Individuals who wish to supplement their existing retirement savings;
- Self-employed entrepreneurs who do not contribute to an occupational pension or provident fund;
- Employed persons, when your employer does not offer (or does not make contributions to) an occupational pension or provident fund;
- Individuals who earn additional income that is not taken into account in determining contributions to an existing occupational pension or provident fund.

## What investments make up the Sygnia Retirement Annuity Fund?

Any unit trusts, life funds, exchange traded Funds (ETFs) or exchange traded notes (ETNs) available on the Sygnia Investment Platform. Please note that your investment choice must comply with Regulation 28 of the Pension Funds Act. Once you have invested in the Sygnia RA Fund, we will monitor the compliance for you on a monthly basis.

The key elements of Regulation 28 impose the following limits on your investments:

Strategic asset allocation	Percentage	Allocation
Equities	75.0	
Foreign Assets	45.0	
Property	25.0	
Hedge funds	10.0	

\*Fund allocation will be split proportionately across all components

## When can I access my investment?

You can access your investment by retiring from the Sygnia RA Fund after your 55th birthday, or earlier if you are permanently disabled due to injury or illness. At retirement you may withdraw all the funds in your Savings Component in cash, or you can transfer the funds to your Retirement Component to purchase an annuity. All the funds in your Retirement component must be used to purchase an annuity unless the value of the Retirement Component plus (2/3) of the non-vested benefit in your vested component is less than R165 000.

You may also access 100% of the funds in your vested benefit as cash or use it to purchase an annuity. Up to 1/3 of the funds in your non-vested benefit can be taken as cash, the rest would need to be used to purchase an annuity. At retirement the portion of your Sygnia RA transferred to a post-retirement annuity, such as a Living Annuity, is free of tax. The portion taken as cash may be subject to tax.

## Can I transfer my investment?

Yes, you may transfer from an existing approved retirement annuity, preservation or occupational pension or provident fund to the Sygnia RA Fund. You may also transfer out of the Sygnia RA Fund to another approved underlying retirement annuity fund. The allocation of your components will be transferred with the same proportions.

## When can I withdraw from my investment?

No withdrawals are permitted before the age of 55 unless:

- Via a Savings Component Withdrawal. This gets processed from the funds in your savings component as per the two-pot retirement system.
- You have emigrated from South Africa as recognised by the South African Reserve Bank (SARB), and your emigration application was submitted on or before 28 February 2021 and approved by SARB on or before 28 February 2022.
- You have not been a South African tax resident for an uninterrupted period of at least three years on or after 1 March 2021; or
- You depart from the Republic at the expiry of a visa obtained for the purposes of working in or visiting the Republic, and are not regarded as a resident by the South African Reserve Bank for purposes of exchange control; or
- The accumulated value of your investment is less than or equal to R15 000.
