# Before you dive in

Our detailed fund summary offers you all the choices currently available on our Sygnia platform. The full range of ETF's can be obtained from the Sygnia website [www.sygnia.co.za](http://www.sygnia.co.za).

However, to reach your saving goals and pay as little as possible in fees, please take the time to ask yourself the following questions.

[Click here](#) to view the latest **Sygnia Terms and Information**.

## What product am I investing in?

Before you can select a fund or a portfolio of funds you need to choose a product such as a Tax-Free Savings Account or a Retirement Annuity that “wraps” around the funds you have chosen.

The product choice is crucial, because it determines the kind of funds you can choose, how often you can make withdrawals from your account and the fees you will pay. For more information on Sygnia products, please consult the **Sygnia product range**.

## What is my investment horizon?

Your **investment horizon** refers to how long you expect your money to remain invested before you cash it in. Time horizons drive the type of investments you choose.

Your time horizon is constantly shifting with age, changes in your financial situation, new goals, and more. It's even possible to have multiple time horizons in play at once. Perhaps you are saving for retirement while also saving to pay for your children's education or to pay down a bond. So reviewing your goals as well as the time-horizons that accompany them is key to a sound financial strategy.

## What return should I expect in exchange for what risk?

A given return corresponds to a certain amount of risk. Generally speaking, investments with the highest potential performance also offer the highest risk. The higher the risk, the longer the recommended investment horizon.

If you are looking for high returns, you could favour higher-risk investments over a longer period of time. In contrast, if you are looking to minimise your risk of capital loss, you might favour lower-risk investments better suited to shorter investment horizons.

# What fees will I pay?

Our fees are broken down into the following 3 sections:

## 1. Annual administration fees

### Fee structure

Please note the below fee structure:

Sygnia Investments	Annual Administration Fee (EXCL VAT)	
	Sygnia Unit Trusts*	External Unit Trusts **
Value of all Accounts		
First R2 000 000	0.35%	0.40%
Between R2 000 000 - R10 000 000	0.15%	0.20%
Over R10 000 000	0.00%	0.20%

\* Levied on the proportionate value of Sygnia unit trusts

\*\* Levied on the proportionate value of the external-manager unit trusts

**Please note:** We consider all your investments when assessing the R2 million and R10 million threshold. For the fees relating to the underlying investment managers, please refer to the following summary of funds.

All Sygnia Minimum Disclosure Documents (MDD) with full disclosures and portfolio performance relative to the benchmark can be viewed on [www.sygnia.co.za](http://www.sygnia.co.za).

External Manager Minimum Disclosure Documents can be viewed on the relevant manager website.

## 2. Investment management fees

The Investment management fees charged by investment managers vary depending on the funds you select. For the fees relating to the investment managers please refer to the summary of funds.

## 3. Financial Advisor fees

Financial advisor fees are negotiable with your financial advisor within the following parameters:

Initial fees	Annual fees
Maximum of 3.45% (incl. VAT).	Maximum of 1.15% per annum (incl. VAT). If an initial fee in excess of 1.72% (incl. VAT) has been deducted, the annual fee is limited to 0.57% per annum (incl. VAT).

Please refer to the following summary of funds to make your selection.

# Key to our fund summary

<b>Annualised returns</b>	The weighted average compound growth rate over the performance period measured.
<b>Benchmark</b>	A standard against which the performance of the fund can be measured.
<b>Class</b>	Some funds divide their shares into what are known as “classes”. Each class invests in the same portfolio and has the same investment objectives and policies, but each class may have different fees, expenses and investor privileges.
<b>Equity exposure</b>	The proportion of a fund invested in stocks and shares (equities).
<b>Foreign exposure</b>	The proportion of a fund invested in foreign assets.
<b>Fund objective</b>	A goal or financial result that the fund aims to realise.
<b>Inception date</b>	The date on which the fund was launched.
<b>Investment management fee</b>	A payment to the investment manager of the underlying investment fund (unit trust) for managing the investment.
<b>Intended maximum limits</b>	The limits applied to the types of investments a particular fund can make into a specific asset class.
<b>Maximum hedge</b>	The maximum proportion of a fund that can be allocated to a hedging strategy.
<b>Name of fund (e.g Global/Equity/General)</b>	The kind of investments the fund make
<b>Other expenses</b>	Expenses not included in “Investment management fees”, such as custodial expenses, legal expenses, accounting expenses, transfer agent expenses and other administrative expenses.
<b>Performance fee</b>	A payment to an investment manager for generating returns in excess of the benchmark.
<b>Property exposure</b>	The proportion of a fund invested in the property sector.
<b>Reg 28 or Regulation 28</b>	A set of guidelines issued as part of the South African Pension Funds Act that aims to ensure that your savings are invested wisely and without excessive risk to protect investors against poorly diversified investment portfolios
<b>Risk profile</b>	A measure of an individual’s specific tolerance to financial risk.
<b>Total expense ratio (TER)</b>	The total costs associated with managing and operating the fund. These costs consist of management fees and additional expenses such as legal fees, auditor fees and other operational expenses.
<b>Total VAT</b>	Total value-added tax on the costs.
<b>Total expense ratio</b>	Total expense ratio (TER) is the Investment Management Fee + Performance Fee + Other Expenses + Total VAT
<b>Transaction costs</b>	Costs incurred when trading underlying investments in the fund.
<b>Total investment costs</b>	Total expense ratio (TER) + Transaction costs

# Sygnia Unit Trusts

Unit trusts are the pooled resources of thousands of investors who have entrusted their money to a management company. This management company buys shares on behalf of the investors and combines them in a portfolio. The portfolio is then divided into many equal "units." The investor receives a certain number of units for the money he or she has invested.

The price of each unit varies daily depending on the returns earned by the underlying investments (capital gains and capital losses). All returns are then split equally between the units and hence the investors.

All performance figures are annualised.

Unit Trusts are governed by the Collective Investments Schemes Control Act, No 45 of 2002.

## Key

- ◆ Performance numbers are calculated based on the strategic asset allocation of the assets to the underlying asset managers.
- ⚠ Performance fees may be charged by underlying asset managers.
- ∞ As the fund class or fund has been in existence for less than 6 months, no TER can be calculated.
- ★ No long-term performance figures are available.
- ❖ Information unavailable.

## Sygnia Unit Trusts / Index-tracking Funds

## Disclaimer

All Sygnia Products named above and information provided is of a general nature and are not intended to address the circumstances of any particular individual or entity. We are not acting and do not purport to act in any way as an advisor or in a fiduciary capacity. No one should act upon such information or opinion without appropriate professional advice after a thorough examination of a particular situation. We endeavour to provide accurate and timely information, but we make no representation or warranty, express or implied, with respect to the correctness, accuracy or completeness of the information and opinions. We do not undertake to update, modify or amend the information on a frequent basis or to advise any person if such information subsequently becomes inaccurate. Any representation or opinion is provided for information purposes only. The Sygnia Group is a member of the Association for Savings and Investment SA. Sygnia Collective Investments RF (Pty) Ltd is a registered and approved Manager in Collective Investment Schemes in Securities. Collective investment schemes are generally medium to long-term investments. The portfolios may invest in other unit trust portfolios which levy their own fees, and may result in a higher fee structure and the value of investments / units / unit trusts may go down as well as up. Past performance is not necessarily a guide to future performance. Collective investments are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available from the Manager on request. Performance is based on NAV to NAV calculations with income reinvestments done on the ex-div date. Performance is calculated for the portfolio and the individual investor performance may differ as a result of initial fees, actual investment date, date of reinvestment and dividend withholding tax. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. Collective investments are calculated on a net asset value basis, which is the total market value of all assets in the portfolio including any income accruals and less any deductible expenses such as audit fees, brokerage and service fees. Forward pricing is used. All the portfolio options presented are approved collective investment schemes in terms of Collective Investment Schemes Control Act, No 45 of 2002 ("CISCA"). The funds may from time to time invest in foreign countries and therefore it may have risks regarding liquidity, the repatriation of funds, political and macroeconomic situations, foreign exchange, tax, settlement, and the availability of information. The Manager has the right to close any portfolios to new investors to manage them more efficiently in accordance with their mandates. Copies of the Minimum Disclosure Documents (MDDs) are available on our website: [www.sygnia.co.za](http://www.sygnia.co.za). Additional information, including application forms and annual or quarterly reports can be obtained from the Manager, free of charge.

## External Unit Trusts

Unit trusts are the pooled resources of thousands of investors who have entrusted their money to a management company. This management company buys shares on behalf of the investors and combines them in a portfolio. The portfolio is then divided into many equal "units." The investor receives a certain number of units for the money he or she has invested.

The price of each unit varies daily depending on the returns earned by the underlying investments (capital gains and capital losses). All returns are then split equally between the units and hence the investors.

Unit Trusts are governed by the Collective Investments Schemes Control Act, No 45 of 2002.

### Key

- ◆ Performance numbers are calculated based on the strategic asset allocation of the assets to the underlying asset managers.
- △ Performance fees may be charged by underlying asset managers.
- ∞ As the fund class or fund has been in existence for less than 6 months, no TER can be calculated.
- ★ No long-term performance figures are available.
- ❖ Information unavailable.

## Disclaimer

The Sygnia Group is a member of the Association for Savings and Investment SA. Sygnia Collective Investments RF (Pty) Ltd is a registered and approved Manager in Collective Investment Schemes in Securities. Collective investment schemes are generally medium to long-term investments. Sygnia Asset Management (Pty) Limited (FSP 873), an authorised financial services provider, is the appointed investment manager of the Fund. Sygnia Life Limited (FSP 2935) is an authorised financial services provider and linked insurer (I197). Sygnia Financial Services (Pty) Ltd is a licensed Financial Services Provider [FSP 44426]. Sygnia Financial Services (Pty) Ltd Registration No. 2010/015491/07.

Whilst reasonable care was taken in ensuring that the information contained in this document is accurate, Sygnia does not warrant its accuracy and accepts no liability in respect of any damages and/or loss suffered as a result of reliance on the information in this document. Sygnia does not undertake to update, modify or amend the information on a frequent basis or to advise any person if any information provided in this document is found to be inaccurate or subsequently becomes inaccurate.

The portfolio may invest in other unit trust portfolios which levy their own fees, and may result in a higher fee structure and the value of investments / units / unit trusts may go down as well as up. Past performance is not necessarily a guide to future performance. The policy benefits of the linked policies are determined solely on the value of the assets, or categories of assets, to which the policies are linked. Collective investments are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available from the Manager on request.

Performance is based on NAV to NAV calculations with income reinvestments done on the ex-div date. Performance is calculated for the portfolio and the individual investor performance may differ as a result of initial fees, actual investment date, date of reinvestment and dividend withholding tax. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. Collective investments are calculated on a net asset value basis, which is the total market value of all assets in the portfolio including any income accruals and less any deductible expenses such as audit fees, brokerage and service fees.

Forward pricing is used. All the portfolio options presented are approved collective investment schemes in terms of Collective Investment Schemes Control Act, No 45 of 2002 ("CISCA"). The fund may from time to time invest in foreign countries and therefore it may have risks regarding liquidity, the repatriation of funds, political and macroeconomic situations, foreign exchange, tax, settlement, and the availability of information. The Manager has the right to close any portfolios to new investors to manage them more efficiently in accordance with their mandates. A copy of the Minimum Disclosure Document (MDD) is available on our website: [www.sygnia.co.za](http://www.sygnia.co.za).
